

What vaccines are approved?

The theatre will only accept FDA and WHO approved vaccines. [View a list of approved vaccines](#). For two-dose vaccines (such as Pfizer or Moderna), you must complete both doses to be considered fully vaccinated.

How do I prove I'm vaccinated?

The theatre will accept a paper vaccination card, a photocopy of your card, a photo of your card on your phone, a digital vaccine app (such as Excelsior, Docket, NYC Covid Safe, or Clear), as well as other international vaccine records. Bring it with you to the theatre, along with a valid photo ID.

I'm not vaccinated. Can I still see a show?

If you have a medical condition or sincerely held religious belief that prevents you from being vaccinated, please bring proof of a negative test. Here is what's being accepted:

- a negative COVID-19 rapid antigen test taken within 6 hours of the performance start time
or
- a negative COVID-19 PCR test taken within 72 hours of the performance start time

I'm vaccinated, but my vaccine isn't FDA or WHO approved. What do I do?

If your vaccine isn't on the list, you'll need proof of a negative COVID-19 test to enter the theatre.

I have a child age 12-18 who isn't vaccinated. What do I do?

If your child is not vaccinated due to availability in your country, they'll need proof of a negative COVID-19 test to enter the theatre.

I have a child under 12 (or just turned 12) who isn't vaccinated yet.

If your child is not vaccinated due to their age, they'll need proof of a negative COVID-19 test to enter the theatre.

Where can I get a COVID-19 test near the theatre?

There are a number of urgent care and pharmacy testing locations in and around the Theatre District. [To find a location, click here](#). There are also many pop-up testing tents and vehicles in the area. Results must be provided by a qualified lab and administered by a health care professional. The theatre will not accept "at-home" rapid antigen tests.

I can't wear a mask due to a medical condition. Can I enter the theatre?

Masks are required for all guests inside the theatre, regardless of vaccination status. All face coverings must cover the nose and mouth and comply with the [CDC guidelines for acceptable face coverings](#).

What types of ID can I use for my child age 12-18?

Guests 12-18 may provide a valid government-issued or school ID (with or without photo), or a photo or photocopy of their birth certificate.

Do I need ID for my child under 12?

Children under 12 do not need ID but must be accompanied by an adult who meets the vaccine or test requirements.
